

Reminder to Parents of Basketball Players:

After school basketball is a school sponsored activity; therefore it is imperative that academic and behavioral standards are met throughout the season.

Upon entering the activity room, students participating in the Algonkian Basketball League will sit politely on the stage steps and show good sportsmanship. Students are not permitted to go back into the main school building and are only permitted to exit the activity room to either use the restroom, get a drink in the cafeteria or change into their uniform. **SIBLINGS** of student participants are not permitted in the activity room without **PARENT SUPERVISION**.

Parents must be aware of game time and day. Copies are available in front office or on the Algonkian Elementary School Website. Prompt pickup of students is expected at the conclusion of games.

Thank you for your support in making this season fun and safe.

Joe Terango
